TIME TO BE WASTE WISE!

The Fraser Valley Regional District has adopted a waste sorting bylaw.

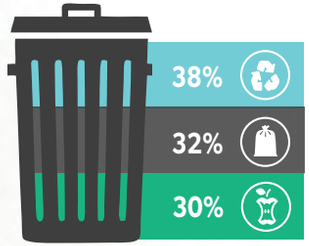
It applies to all owners or occupiers of residential, commercial, industrial and institutional properties in Abbotsford, Chilliwack, Harrison Hot Springs, Hope, Agassiz, Mission and Electoral Areas A-H.

To comply, you must sort recyclable and compostable material out of the garbage. Please contact your waste hauler to find out what they accept in the recycling and compost bins.

Many helpful resources are available at **BeWasteWise.com** or call 1-800-667-4321 if you have questions.

Did you know...

Almost 2/3 of garbage currently sent to landfills in our region can be recycled or composted.



Start today. Sort it out!

CONFIRM WITH YOUR HAULER IF THEY ACCEPT THESE ITEMS

Plastic Bags, Glass, Foam Packaging & Crinkly, Non Stretchy Cellophane Wrappers

If not accepted by your hauler, these items can be taken to the bottle depot for free recycling.

Compostable & Biodegradable Plastic Bags & Other Products

If not accepted by your hauler, these items can go into your landfill bin.
